**Astrology 101: Live**
In astrology, there are 12 zodiac signs. Become familiar with the sun, moon, and rising signs, planets, and houses, and learn how to read your natal chart so you can avoid future problems, learn your strengths, and embrace your best self. If you are curious about the ancient art of astrology and want to gain a deeper understanding of some of the basic concepts, this workshop is a fun overview.

**7pm Wed., Jul. 8 (R)**

**Searching for South America: Live**
Travel enthusiast Brian Michalski is on the road again — this time spending over a year in South America. As he trekked the Inca Trail, navigated pristine Patagonia and explored the Amazon rainforest, he also volunteered, took Spanish classes, earned his English teaching certificate and worked remotely. Brian overcame obstacles; including one so immense, it could take only the collective help of his loved ones to save him. Witness this atypical approach to a challenging, yet deeply rewarding continent. Michalski will enthrall you with as many entertaining stories as he has passport stamps.

**7pm Mon., Jul. 13 (R)**

(R) Registration Required  [www.eapl.org](http://www.eapl.org)
ADULT PROGRAMS

Books & Brews: Live
* Prerequisite
A Good Neighborhood by Therese Anne Fowler.

(R) Registration Required  www.eapl.org
FORGE PROGRAMS

Please read the full description of the technical requirements needed for each program when registering online.

3D Printing 101: Live
New to 3D design? In this class, we'll find 3D models online and customize them to send to the library's 3D printers. Learn how to take a model from Thingiverse and personalize it with Tinkercad. Questions? Contact forge@eapl.org.

Important: Participants under the age of 13 need a parent/guardian to set up their account. Minor accounts may take multiple days to be approved by Tinkercad. Alternatively, you can create an account with the parent/guardian's name and birthdate which allows the participant to use the account for the class.

3pm Fri., Jul. 10 ages 12 and up (R)

Girls Who Code: Live
Are you a girl interested in computer science? Learn programming skills and develop projects that solve real-world problems. Programming skills include topics such as loops, functions and conditionals. All experience levels are welcome! Attendees are strongly encouraged to attend at least 7 of the 9 sessions, as each week builds on the previous week's lesson. Questions? Contact bsaab@eapl.org.

2pm Sundays, June 7 – August 9 girls grades 6-12 (R)

Finger Knitting an Octopus: Live
With simple supplies you have at home, use your fingers to make a fun undersea friend. Learn how to knit simple chains with your fingers and make a homemade yarn octopus. Supplies needed: a skein of yarn, paper, scissors and aluminum foil to participate. Questions? Contact forge@eapl.org.

2pm Sat., Jul. 18 grades 6-12 (R)

Quiplash with Some Friends!: Live
We will play the popular game Quiplash from the makers of the Jackbox Party Box. Enjoy creating quips and voting on the best ones in this completely virtual board game experience. There is no need to create a Jackbox account to participate. Questions? Contact forge@eapl.org.

6pm Wed., Jul. 22 and 6pm Thurs., Aug. 6 grades 6-12 (R)

Make Your Own Adventure Game with Twine: Live
Design a choose your own adventure story with Twine, an interactive, online fiction program. Questions? Contact forge@eapl.org.
