Objectives

It is the policy of the Ela Area Public Library District to invest all funds under the Library’s control using the following ranked principles:

- A. **Legality** – The Library’s investment activities will be in compliance with all applicable Illinois law.

Avoiding risk also requires that we follow all applicable State and Federal statutes regarding the investment of public funds.
- C. **Liquidity** – We shall invest in an appropriate variety and length of investments to meet the Library’s cash flow requirements for operations and capital expenditures.
- D. **Yield** – The Library should strive to achieve a maximum return in consideration of the foregoing risk avoidance and liquidity objectives. Yield is a secondary objective.
- E. **Local Institutions** – The Library will prefer to invest with financial institutions located within the Library District as long as yields are competitive with other institutions for comparable instruments.
- F. **Sustainability** – Material, relevant, and decision-useful sustainability factors have been or are regularly considered, within the bounds of financial and fiduciary prudence, in evaluating
